Art or Sports, why not Both...

- My personal take: **it is both!**

HaHa! Very original opinion, right?

There are people highly invested in **breaking** as a **sport** and **competitive** thing and then there are those with **dance** and **art** and **community** in mind. Both enrich the movement, evolve && make it more **interesting!**

Majority stands **between** both sides.

Lithuania && THE Breaks

- Studios
 - Skillz Studio
 - **Low Air**
 - **ANT studio**
 - Lithuanian Children and Youth Centre
- Events:
 - Vilnius Street Battle
 - **Summer Jam (unofficial)**
 - “Studio Jams”
- There’s a bit **less movement** in **breaking** scene these days (or I’m outdated). But things are fluctuating in Lithuania all the time - next **breakin-hype** is around the corner, ready to spin. Start preparing for the **battle**!
